

# VIBRATORY FINISHING MACHINES

The VA series of vibratory finishing machines from Sharmic Engineering is ideal for small batches of small components. These machines are available in three sizes: VA25, VA40, and VA75. The VA25 and VA40 machines are ball burnishing models, while the VA75 machine is a standard model.

All VA series machines come complete with an outlet and lid. The VA\*\*/SS model for the VA25, VA40 and VA75 machines also includes a discharge door. The VA\*\*/TD model for the VA40 and VA75 machines includes a tilting device for the bowl.
